## SA INNOVATION SUMMIT

The SA Innovation Summit aims to promote and develop the entrepreneurial creativity of startups disrupting the status quo. This year we have partnered with the Unicorn Group to offer top entrepreneurs a chance to win investment funding in the Africa Cup, the grand finale of the Summit. The Africa Cup features innovative ideas, startups and early stage companies in tech-enabled sectors from around the world. It aims to encourage companies with the best growth potential to become market leaders, and to inspire future entrepreneurs and start-ups. True success requires vision and leadership, financial accomplishment, strategic direction and innovation. This competition is designed to recognise and honour entrepreneurs and companies whose innovative tech-enabled solutions will have a significant impact.
